

# Mill sees 3rd straight record year

HOWARD M. LOVE

The Granite City Steel Division of National Steel Corporation expects 1974 will be its third straight record-breaking year for steel production and shipments.

"The division is shooting for 'another large gain in hot strip mill production,'" Howard M. Love, president of Granite City Steel, said today.

In a letter to all employees, Love called 1973 "A year of solid achievement in which the strong demand for steel was met by the hard work and dedication of our employees."

"It took extra effort on the part of many people many times in 1973 to accomplish our

record-breaking results.

"Even so, we would have fallen short in 1973 had the 1971 merger not given this plant access to the larger raw materials resources of other National Steel divisions."

"Two examples will show how much this meant to GC Steel last year:

"Our production of coke was well below normal in 1973 because the A and B coke oven batteries were being rebuilt."

"Nonetheless," our blast furnaces produced a record tonnage of iron and, thus, the BOF was able to make 133,000 more tons of steel than ever before.

"How was this possible? We made up most of the shortage with large shipments of coke from National Weirton, Great Lakes and Hanna divisions."

"While increasing our tonnage of steel about 8 per cent in 1973, we were able to increase our shipments of flat-rolled steel products by about 36 per cent, or 337,000 tons."

"Again, this was possible because GC Steel is a division of National Steel."

"National's two other steel-producing divisions, Weirton and Great Lakes Steel in Detroit, shipped a large tonnage of slabs to our 90-inch hot strip mill."

"When you say that being a division of National Steel has meant more production and shipments at GC Steel, you are also saying, of course, that it has meant more people at work, higher payrolls and more money for the communities around our plant."

"I asked our accounting department to break out the total payroll costs for the last three Decembers, starting with December 1971 shortly after the merger became effective."

"Total payroll costs of \$4,739,000 in December 1971 increased 33 per cent to \$6,304,000 in December 1972."

"For December 1973, the payroll was \$7,251,000, or 53 per cent more than the 1971 total."

"The number of employees on the Granite City Steel payroll increased from 3,997 in December 1971 to 4,682 in December 1972 and 5,015 in December 1973."

"The growing payroll at Granite City Steel came at a fortunate time in view of the fact that employment overall has been declining the last several years in the Tri-Cities, where so many Granite City Steel people live, as well as in the rest of the St. Louis region," President Love said.

"And you have probably read about auto industry layoffs at the big assembly plants in St. Louis and locally in Granite City."

"We do not expect any problems at this time at Granite City Steel from the slowdown in auto production. Other customers are currently ready to take up the slack."

"In fact, we are shooting for a third straight record-breaking year at GC Steel and, especially for another large gain in hot strip mill production."

Love's letter pointed out that contract negotiations between

the major steel companies and the United Steelworkers of America began officially on Jan. 30 in Washington, D. C., and negotiations on local collective bargaining issues are about to begin in Granite City.

"The Granite City Steel management is approaching these negotiations—as well as the negotiations with other unions that will follow in 1974—with the sincere intent that all differences can be resolved, and that the high production of this plant and the high earnings of its employees can continue without interruption," Love wrote.

## Increase in port activity

With \$56,006 net income for the July 1972-June 1973 year, the Tri-City Regional Port District's financial balance has risen from \$76,004 to \$132,016, an annual report disclosed today.

Income totaled \$213,205 and expenses amounted to \$157,199. Current assets are \$213,515 and the district's overall assets total \$819,070 with inclusion of \$507,516 port facilities, \$87,758 leasehold improvements and \$10,281 land.

Current liabilities are \$22,060. Bond liabilities amount to \$665,000 on a bond issue maturing July 1, 2004.

The \$56,006 net income compares with 1971-72 net income of \$24,353. The Port District allocated \$10,000 of this income to retire revenue bonds, and \$10,000 for leasehold improvements.

Operating income of \$204,123 included a \$100,000 state appropriation, \$47,109 rent, \$35,747 "through-put" receipts, \$9,375 from fleet and \$6,892 scale receipts.

Interest received from investments provided \$6,676 and there was \$406 miscellaneous income.

Expenses included \$34,990 salaries, \$34,060 land rent, \$33,750 interest on bonds, \$33,944 depreciation, \$6,863 retirement contribution, \$5,616 repairs and maintenance, \$2,851 travel and \$2,048 professional services.

The Port District had \$30,785

cash, \$50,818 U. S. Treasury notes and \$99,937 U. S. Treasury bills.

The yearly report relates that "during the year, Bulk Service Corp., operator of the loading and unloading facility, obtained two contracts for outbound handling of grain."

"This has put the Port District in the grain handling business, which looks promising for the future."

"Tonnage continues to increase even though the port facilities were out of service part of March, all of April and the first half of May 1973 when the Mississippi River reached its highest level in history of 43.3 feet."

"The Port District has applied for federal assistance to help defray the costs of clearing debris and repairing roads and rail after the flood."

"A major repair was made to the roof of the office building during the year."

"National Marine Service, Inc., began negotiations for sale of the local facility to the Port District to Apex Oil Co. It is hoped that sale of this terminal will spark new developments and expansion of the liquid terminal."

"The Port District and its tenants are continuing to work together to further the port's development, increase its tonnage and attract new facilities."

John N. Belicoff, vice-

president and director of marketing of the First National Bank in Madison, is chairman of the Tri-City Regional Port District board.

Port District treasurer is Harold E. Hillmer, employee relations administrator of the Granite City school district.

Other commissioners on the seven-member Port District board are Homer A. Huber, an owner of the Feder and Huber Furniture Co.; Henry D. Karandjeli, board chairman, Granite City Trust and Savings Bank and American National Bank of Granite City; Carl E. Mathias, Illinois Power Co. service area manager; Walter T. Simmons, clerk of the Fifth District Appellate Court; and Avery Schermer, an owner of the Schermer Brothers, Market, Madison.

The port staff consists of Carl A. Randt, general manager and secretary; Randall Robertson, attorney; and Velda Taylor, office manager.

## Candidates' data sought

Many of the March 19 primary election candidates have provided pictures, biographies and information on campaign issues.

Those who have not are invited to forward them promptly to the Press-Record, 1815 Delmar Ave.

SIU BOARD OFFICERS after their re-election Thursday. Southern Illinois University trustees named, from the left, Harold R. Fischer of Granite City, vice-chairman; Ivan A. Elliott Jr. of Carmi, chairman; and Harris Rowe of Jacksonville, secretary.

## Board reorganizes Could recycle all 'tin' cans

Ivan A. Elliott Jr. of Carmi was re-elected Thursday afternoon as chairman of the Board of Trustees of Southern Illinois University.

Other trustee officers re-elected were Harold R. Fischer, Granite City, vice-chairman, and Harris Rowe, Jacksonville, secretary. Fischer is vice-chairman of the First Granite City National Bank.

Elliott, an attorney, was appointed to the SIU board in 1967 and served as vice-chairman from 1969 until he was elected chairman last year. He is a former assistant attorney

general of Illinois and chairman of the State University Civil Service Merit Board.

Fischer has been a member of the SIU board since 1954 and served as chairman from 1971 to 1973.

Rowe, an insurance executive, has been a member of the SIU board since 1971 and was elected secretary in 1973.

Members of the SIU board Executive Committee and board representatives to state systems and boards also were elected Thursday. They include:

Executive Committee—Elliott, Rowe and Mrs. Margaret Blackshear of Madison. Board of Trustees, State Universities Retirement System—Richard A. Haney.

Merit Board, University Civil Service System—Elliott. Association of Governing

Boards of Universities and Colleges—Haney.

Chairman Elliott also announced tax appointments to committees and commissions, including:

SIU Foundation—Elliott and Rowe were re-appointed to the Board of Governors of the SIU Foundation at Carbondale, and Fischer and Mrs. Blackshear were re-appointed to the Board of Governors of the SIU Foundation at Edwardsville.

## Quad-Cities paying levee district \$1 million yearly

By HARRY BARNES

Press-Record Staff Writer  
Taxpayers of the Madison County sector of the East Side Levee and Sanitary District made up primarily of the Quad-City area—paid 46 per cent of the total taxes distributed to the district during its 1973 fiscal year, it was disclosed in the agency's annual report released last week.

Tax funds distributed to the district by Madison County included \$668,697 in 1972 taxes collected during 1973 by County Treasurer George Musso, \$40,072 in a final distribution of 1971 taxes by the county treasurer and a refund of \$30,602 in tax monies that had been set aside as the district's share of the Madison County tax collection system last year, the report disclosed.

At the same time, the report shows that the levee district last year paid a total of \$983,352 from its payroll clearing account, the fund from which employee wages are paid. The 1973 payroll expenditure was \$148,268 more than the \$837,084 paid out of the account from the previous 1972 calendar year. The district's fiscal year is the same as the calendar year.

Levee board officials have attributed last year's higher payroll costs to two periods of severe interior flooding in April and June which, they say, kept pumping stations operating around the clock for periods equivalent to eight months of the year.

The report shows the district revenue during 1972 fiscal included tax income of \$2,229,000 or \$384,779 more than the \$1,844,226 in taxes received by the district during the 1973 year. Of the 1973 tax income, \$1,026,966 was paid by Quad-City area taxpayers and the remaining \$1,212,039 was represented by St. Clair County taxes.

The total St. Clair County tax distribution included \$306,894 in 1971 taxes which had not been distributed to the district during the 1972 year, and therefore were included in the income of the 1973 year.

The 1973 tax funds paid by Quad-City taxpayers brought to \$10,268,729 the total amount of taxes distributed to the levee district from this area over the past decade.

During the ten-year period, total taxes paid the levee district by St. Clair County taxpayers amounted to \$10,850,050, to give the district

total tax revenue of \$21,118,779 over the ten years.

On this basis, taxes from the Madison County area of the district represented 48.4 per cent of the overall tax load paid in the past ten years to maintain district operations, although the estimated 85 per cent of employee, maintenance and operating costs is in the St. Clair county portion of the district.

American steelmakers have the potential for recycling all of the nation's used "tin" cans, an official of Granite City Steel said Friday at Springfield.

Speaking at an Illinois Environmental Protection Agency seminar on solid waste recycling, Harlan M. Love, manager of environmental technology at Granite City Steel, said, "The steel industry could recycle 65-plus billion cans annually; in other words, all there are."

"Tin" cans actually are steel cans with a thin coating of tin to help preserve the contents and prevent corrosion.

Steel is unique in its magnetic property among the various forms of solid waste, Love said.

magnetic separation equipment is available for removing steel cans from other refuse.

Moreover, he said, there are several well established markets for scrap cans, the steel industry having the largest potential.

Love said Granite City Steel is pioneering several new developments in scrap recycling through participation in the experimental St. Louis recovery project.

In the project, Union Electric Co. of St. Louis burns up to one-third (300 tons per day) of City of St. Louis refuse. Granite City Steel takes the non-combustible ferrous portion of the scrap for recycling at its blast furnace.

Although scrap steel has been recycled for years in the Granite City Steel basic oxygen furnaces, the pilot project marks the first time reclaimed ferrous materials from municipal wastes have been routinely remelted in blast furnaces.

Granite City Steel receives from 15 to 20 tons of St. Louis' (Continued on Page 4)

## Ebersoldt unopposed

William "Mike" Ebersoldt, new city clerk of Venice, will have no opposition in his bid for election as mayor of Venice in a special election April 16.

His only opponent, Lennil L. Johnson, 204 Viola Jones Homes, withdrew as a candidate Saturday, the final date of the withdrawal period.

Johnson filed nominating petitions as a mayoral candidate on Feb. 11 a few hours before expiration of the filing period for the special city election.

The special election was called to fill the vacancy created by the death Nov. 30 of the late Dr. John E. Lee who had held the post since 1957.

Three years of the term are remaining and under state law must be filled by an election.

Voting on April 16 will be on paper ballots at four polling places, one in each of the city's four wards.

\$1,312,251 CONTRACT awarded to Leo Wolf Construction Co., Granite City, for renovation of building 231, U.S. Army St. Louis Area Support Center, Granite City, (formerly Granite City Army Depot), to be used as a new commissary. Standing (left to right) are Leo Wolf, president of the construction firm; Maj. John

O. Johnson, Facilities Engineer Division; and Lt. Col. Donald J. Elmore, commander, Headquarters and Installation Support Activity (Army Aviation Systems Command). Seated is Lloyd W. Romine, contracting officer. Not shown is Louis Fierhaim of the Facilities Engineer Division.

# Douglas urges action on secrecy, power of government, business

"America is on a big downward spiral, and it is going to continue unless people demand action, espouse causes and become very articulate," William O. Douglas, an associate justice of the U. S. Supreme Court, warned last week at Southern Illinois University at Edwardsville.

He urged formation of "committees of correspondence" to become informed and act on problems facing the country.

He advocated establishment of large, nationwide, organized public interest groups on a variety of issues to combat what he termed entrenched power and secrecy in both the federal government and large corporations.

Great lobbies in Washington, many of them corporate lobbies, "really run the government behind the scenes. The lone individual stacked against these lobbies has very little chance," Douglas said.

"Only by banding together for permanent activities can you possibly meet the challenge of the corporation," Douglas described Washington as "filled with special interest groups." The Pentagon, he said, has two lobbyists for each member of Congress.

There are also 3,200 government advisory committees in Washington which are mostly corporate controlled, Douglas said.

The judge criticized federal

tax laws which, he said, allow firms to take tax deductions for lobbying expenses.

"If you are a consumer group or an environmental group trying to raise money to oppose these lobbyists you don't get a tax deduction if you engage in lobbying," Douglas said.

"The whole structure of federal tax laws is arranged against the people, who are opposed and on behalf of the lobbies. It isn't right. The laws should be changed, and you are the only people who can change them."

"The American Petroleum Institute for 1974 has a budget of \$15.7 million for lobbying. It's a tax exempt, non-profit business project," Douglas said.

In a wide-ranging attack on government bureaucracy, Douglas criticized the business-dominated advisory committee of the Bureau of the Budget, 65 men, he said, who "set the priorities" of the federal budget.

"Priorities are established without publicity, without public discussion," he charged.

Douglas said the advisory group was partly to blame for the energy crisis. "Since World War II only one per cent of the research and development funds channelled through the Bureau of the Budget have been directed toward development of solar energy. You want to know why? Because nobody owns the sun," Douglas said.

## State strictly enforcing truck registration laws

Strict enforcement of truck registration laws in Illinois protects law-abiding truckers from unfair competition of "Gypsy" operators, Michael J. Howlett, secretary of state, said Saturday.

Howlett spoke at the annual convention of the Illinois Movers & Warehousemen's Association, held at Rosemont.

"Last year, we collected a record \$3,116,187 in forced registrations from trucks using Illinois roads without proper license," said Howlett.

"This was almost double the \$1,651,760 paid in 1972 by improperly registered truckers."

"An important factor in the new enforcement campaign was a thorough training program for the 200 investigators of our office."

"The training program

emphasized truck license violation procedures. A three-shift schedule was put into effect, and out-of-state trucks are now checked on weekends.

"Cooperation of the Illinois state police, Illinois Commerce Commission and local police officers helped the program succeed."

"Any truck on Illinois roads must have an Illinois-based plate, an out-of-state based plate with a pre-rate decal, an Illinois reciprocity plate or a tri permit."

"A truck found without legal licensing is stopped until payment of the proper license fee is made. Money received is put into the state road fund."

"Our forced registration operation is a protection to the law-abiding trucker. He has been paying the required license fees while gypsy

truckers from other states used our highways in competition without paying their share of the cost."

"To insure complete fairness in truck registration hearings, we have created a review Board of three attorneys—Joseph B. King of Western Springs, Francis X. Riley of Chicago and Wendell Sebastian, my administrative assistant."

"Truckers accused of improper registration may request a hearing to determine the fees they should pay, based on vehicle weight and miles traveled in Illinois."

"Formerly, decisions of a hearing officer were final," Howlett noted. "Under our new procedure, the hearing officer makes a recommendation to the board, which reviews all the facts before a final ruling is made."

## 1974 Madison improvement proposals being prepared

Several improvement projects are planned for 1974 and can be accomplished without a tax increase, Mayor Mike Sasyk said at last week's

Madison City Council meeting.

Details are to be reviewed at the Feb. 26 council session.

Donald Wilson, 2000 Beckwith Avenue, was approved as an auxiliary policeman on the recommendation of Police Chief Frank Dutko.

Dutko submitted a report showing there were 2,399 telephone calls and logged entries during January, with 82 requiring investigations. Crimes totaled 38, compared to 30 in January 1973. Burglaries decreased by three and theft cases rose by ten.

The 111 January arrests included 68 for traffic violations. Details are to be reviewed at the Feb. 26 council session.

"gun" utilizing radar is being used on several streets to aid traffic speed control. Chief Dutko related. He said the purpose is not to ticket drivers for speeding but to "protect

citizens from the number one traffic killer, excessive speed."

It was suggested that the device be used along McCambridge Avenue to help slow vehicles.

At least seven different proposals relating to provision of secondary sewage treatment service for Madison currently are being considered, Mayor Sasyk related.

He said release of state and federal funds for a regional treatment program will be contingent on an agreement to be reached by the involved areas on the method of governing the program.

Sewage from Madison already receives primary treatment at the Lansdowne treatment plant before being released into the Mississippi River.

Bill payments totaling \$22,222 were approved by the council.

## Federal student aid forms due

The deadline for applications for federally-funded student aid programs for the fall of 1973, at Southern Illinois University at Edwardsville is June 1.

Finn Winkler, director of the Student Work and Financial Assistance Office on campus, reports that "since parents and students have financial information readily available while preparing to file income tax returns — now would be an opportune time for students to fill out the necessary applications for student aid."

Federally-funded programs available on campus include the Supplemental Educational Opportunity Grant, National Direct Student Loan and the College Work-Study Program.

Students can get the necessary financial statement applications at the Student Work and Financial Assistance Office, located in the basement of the General Office Building.

## U.S. raises mileage pay

The General Services Administration last week issued new regulations authorizing federal agencies to pay up to 12 cents per mile to employees who use their own vehicles for official business.

Existing regulations limited the maximum rate of reimbursement to 11 cents per mile.

Reports for duty

Marine Lance Corporal Danny A. Lewis, son of Mrs. Kathleen A. Lewis, 1670 Fifth St., and whose wife Vandellena is the daughter of Mr. and Mrs. Stanley Gasho of 1812 Market St., all of Madison, has reported for duty at the Marine Corps Base at Camp Lejeune, N.C. He attended Madison High School, and joined the Marine Corps in June 1972.

## Ask public to hear conservation talks

Emphasis is being put on making the already public meetings of the state Conservation Advisory Board more public—or at least, on getting more public participation in the sessions.

The nine-member board is appointed by the governor, and gives advice to the Conservation Department director on policies, departmental activities and problems.

Conservation Director Anthony Dean and Advisory Board Chairman William Rutherford, himself a former director of the department, have agreed to begin moving the bi-monthly meetings around the state, to permit more people to attend the sessions.

In the future, advance public announcement of the time and place of an upcoming meeting will be made to secure more public attendance.

In the past, all sessions were held in Springfield. Although the public could attend, announcement of the time and place of meetings usually only went to board members.

The next meeting of the board is scheduled for 10 a.m. at the Nike site in Pere Marquette State Park at Grafton Saturday, Feb. 23.

Other meetings on the schedule, which runs through next December, include April 11 at Rock Cut State Park, Rockford; June 13, Giant City Lodge, Makanda; Aug. 8, Illinois Beach Lodge, Zion; Oct. 10, Forest Park Nature Center, Peoria, and Dec. 12, John Deere Co., auditorium, Moline. All sessions are scheduled for 10 a.m.

In addition to Rutherford, a Peoria Heights resident who has law offices in Peoria, the advisory board includes Arthur Janura, a former advisory

board chairman, past president of the Midwest Institute of Park Executives and the American Park and Recreation Society, and a long-time employee of the Cook County Forest Preserve District; Dr. Edward L. Kozicki, of Godfrey, conservation director for Olin Mathieson Chemical Corp. of Alton.

Also, George Gregory, a Belleville banker; Jay Neubauer, a director of Beatrice Foods, of Long Grove, active in Ducks Unlimited, Inc.; S. R. Schwartz of Benton, operator of a men's clothing store there.

M. P. Vonema, president of Universal Oil Products, Des Plaines; Dr. William H. Weiss, a Springfield surgeon, and sportsman, and George Wolf, operator of the Bull Valley Hunt Club at Woodstock.

PICTURE FRAMES: CUSTOM MADE, GC GLASS, 18in & EDISON

ALONZO C. WATTS, son of Mr. and Mrs. Richard Lewis, 153 Viola Jones Homes, Venice, has been advanced to gunner's mate technician, second class, in the U.S. Navy. He is stationed aboard the USS Long Beach in California. Watts graduated from Madison High School in 1969 and enlisted the same year.

## Motor fuel tax distributed

Counties in Illinois have been allocated \$2,360,960.23, except Cook County which has been allocated \$2,732,570.72, as their share of motor fuel tax funds paid into the state treasury during January, according to the Illinois Department of Transportation.

The DOT also announced distribution of \$2,484,155 to Illinois townships and road districts.

Of the total distribution to counties, Madison County received \$114,933.

Townships and highway districts in Madison County were allotted \$30,270.

Motor fuel tax funds are allocated monthly to the various counties and townships in Illinois for their highway needs. The monies allocated are computed on the basis of motor vehicle registration fees. Cook County receives 11 per cent of the total funds available.

## Candidates to attend young Demos meeting

A regular meeting of the Madison County Young Democrats will be held Tuesday at the American Legion Club House, St. Louis Road, Edwardsville, beginning at 7:30 p.m. All Democrats are invited to attend.

Candidates of the 55th legislative district as well as those for circuit judgeships, will attend with other dignitaries to meet with those present.

Coming events scheduled by the Madison County Young Democrats includes a dance March 2 at the Croatian Home, 1000 Madison Ave., Madison; a rock band "The Adirastus" will be featured. Donations are \$5 per person. Tickets may be obtained from any member of the Madison County Young Democrats organization (at 618-877-5413) or at the door the night of the dance.

## Inflation; tax spiral threaten disaster—Tri-Cities Chamber

With inflation and taxes creating severe burdens, a call for governmental spending curbs was issued today by Chester L. Baker, president of the Tri-Cities Area Chamber of Commerce.

"The new 1974-75 federal budget has been published, and it amounts to nothing more than runaway inflation."

"We can remember when inflation was not a bad word, but now we are thundering along like that extra quart of water over Niagara Falls—going nowhere."

"One is chasing the other, and if it continues we can look for nothing but oblivion," Baker commented.

"Right here in Granite City, six of our major industries are paying 48 per cent of our total taxes—and our favorite pastime is finding fault with industry."

"Our question is—what would we do without them?"

"After paying higher prices for everything industry needs to operate, including labor, they are socked with a tax load that would scare even a freshman economic student. And remember—that must be cash."

"No taxing body takes credit or material; you must have the cash. If you don't—go out and borrow it at a high interest rate."

"Let's look back to see what has happened since 1945. The load then was \$95,000,000,000. In 1962 it jumped to \$107,000,000,000, in 1967 to \$108,000,000,000 and in 1971 to \$201,000,000,000."

"In 1974, a whopping \$304,000,000,000. And it still goes on unabated."

"Does everyone understand what a billion dollars is? Well, let's reduce it to simple language," Baker said.

"If you had a million dollars and told your wife to go out and spend \$1,000 a day until it was gone, she would be back in three years—broke."

"Now, if you had a billion dollars and you gave her the same instructions, you would never see her again."

"It would take 3,000 years to spend a billion dollars at the rate of \$1,000 per day, and when you look at it from that angle, it comes into sharp focus."

Baker continued, "Let's take a look at the classic example of inflation and taxes which was Germany in 1923."

"Taxes and inflation increased until it reached a point where they couldn't print money fast enough."

"The government printing offices could not handle the load. They farmed it out to the cities, and there print shops and others equipped to print had a full-time job on their hands just printing German Marks."

"No need to repeat that every time they increased inflation, the value of the mark dropped further. It kept right on dropping until it took a basket to

carry home a week's wages for a grocery clerk."

"No one knows how many baskets full of marks it took to buy enough groceries to feed the family for a week. But, everyone was happy."

"They were making money faster than they ever dreamed of. They could sell their house for more marks than ever before—it was astronomical and enjoyable."

"Then one morning in 1923 the sun came up as usual. A one-dollar bill was worth 4.2 billion German marks. Boy, were they rich. To the average layman, how could it be anything else?"

But that same evening when the sun went down, a dollar bill was worth just 4.2 marks and pandemonium hit hard—like thunder."

"Then came the infamous beerhall takeover—and Hitler. Soon came Aschowitz and Dachau—plenty of infamy for everybody. Then came World War II with pain and suffering enough for everyone," Baker related.

"Finally, Normandy, where 30,000 of our young men are buried. It only took a couple of days to accomplish that, and it can be traced right back to inflation, taxes—and Hitler."

"History moved inevitably on—and finally came the surrender—the Berlin Wall—and oblivion for a once proud nation. Thundering down through history like that extra quart of water."

"Like Germany, we have vocal people who tell us what's wrong."

"We have one wobbly old senator who lives in the past who tells the nation that all we need to do is cut interest rates."

"High interest rates cause all of this inflation, so just cut them back to 3 per cent and our problems are over. Hogwash!"

"Everybody is eager and demands more money. Every cost of living item has gone up."

"Manufacturers want and need more money for their services."

"Professionals want and need more money for their contribution. It feeds its life into it like wildfire, and it destroys like a hydrogen bomb."

"How far can we go? We probably can go some farther. What we leave behind for the next generation is quite another matter."

"Like gossip, everyone hates inflation now. But, how many refused to participate in gossip? How many would want to sell their home for \$5,000 or less just to stop inflation?"

"Who would want his wages cut just to stop inflation?"

"We could continue until the Great American Dream becomes the Great American Nightmare."

"We don't need to look beyond our own community—our country—our state—to see the ugly shadow of the early twenties in Germany rearing its ugly head."

"It will keep on rising inevitably until the general public is aroused and decides that federal spending must be cut—ditto for every taxing body down the line to our own city."

"How will we stop it? Relatively simple. All we need to do is hold the line where it is right now, at the federal level, at the state level, at the local level. Ditto for labor, professionals, manufacturers, everyone involved."

"If we don't, well, there is always the chaos of Germany in 1923."

"There will be some consolation in saying to each other—we are not the only ones; somebody else was just as stupid fifty years ago."

"If we don't do it, we may as well start saying to each other, Von Hindenberg, here we come."

"Then we can start blaming everybody—labor, industry, professionals, everybody but the culprit, which is our own federal government's fiddling while Rome burns."

"It is catastrophe—unnecessary, unbelievably stupid, thundering along like that extra quart of water."

"We have met the enemy and he is us."

**HOUSE BURGLARY**  
Guy Burns, 1317 Madison Ave., Madison, an auxiliary policeman, reported to Madison police last week, that his house had been burglarized. Taken were two police shirts, .387 magnum pistol, .30 caliber rifle and a belt. Entry was made by forcing a door.

# South wins 17th mat title, North is 3rd

Cougars top 100 points 6th time

By Ken Thompson

Press-Record Sports Writer

Granite City High School South wrestlers won their 17th consecutive district mat tournament. Host Roxana took second with 75½ points and the Stealers of North were third with 72 team points.

"It was one of the best tournaments," remarked Warrior head coach William Schmitt, "this area has had the calibre of wrestling and techniques displayed would be hard to match anywhere."

Schmitt was more than pleased that South will enter six individual district champions and four second place wrestlers into its own sectional meet this weekend.

Capturing first place honors for the Warriors were: 98 pound—Woody Halbrook, 106—Jim Caschetto, 112—Phil Lapinski, 119—John Niebur, 126—Don Heath, and 132—Dan Heath.

Runner-up honors were taken by 138 pound—Don Hasty, 145—Dave Rushing, 155—Brian Wilson, and 185—John Avedisian.

The North Stealers led at the end of round one Friday with 19 points. South was second with 17½ and the host school third at 15½.

All the top-seeded wrestlers at the meet advanced into second round competition which began Saturday afternoon.

Heading into the championship finals, North trailed South 54-45 with Roxana still third at 39. Halfway through the finals, South extended its lead to 101 and Roxana added 34 points to take over the number two position with a total of 73. At that point North trailed with 68 points.

"We felt," said Steeler Mat Coach Walt Whitaker, "that if we stayed close to South and Roxana we would be performing well."

"As a first-year, inexperienced school," he added, "we probably went as high as we could in points."

North emerged from the district tournament with one

GRANITE CITY PRESS-RECORD

Page 6 Mon. Feb. 18, 1974

individual champion and two second place matmen.

The Stealers' lone overall championship was when 145-pounder Billy Carr defeated South's top-seeded Dave Rushing, 3-2, in a highly controversial contest.

Rushing was leading the bout, 2-1, and at the buzzer, signifying the end, the Warriors were jubilant of another victory, but the referee signaled no, and added two points for the North wrestler.

After a discussion between coaches and officials, the match was given to Carr amidst intense and mixed emotions from supporters of both local schools.

Rudy Pyle, at 112 pounds, settled for second place after having his 20-match winning streak broken in the finals by South's Lapinski. Randy Hartline emerged from the tournament as the runner-up, 2-2 to South's Halbrook in the championship rounds.

Other finishing orders by participating schools were: Edwardsville, fourth, with 38½; Wood River fifth, 27½; Bethalto sixth, 17½; Collinsville seventh, 14½; Highland eighth, 13; and Alton ninth, three points.

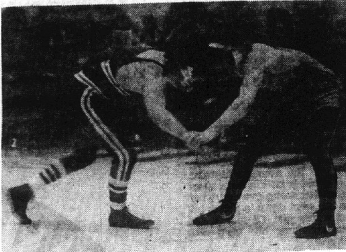

Ninety-six survivors of the Belleville West, Murphysboro, Jacksonville and Roxana district meets will vie in the GCHS South Sectional Feb. 22-23. First round competition will begin at 7 p.m. Friday, continuing at 1 p.m. Saturday. Championship finals will get underway Saturday at 7 p.m.

Benefit contest here Wednesday

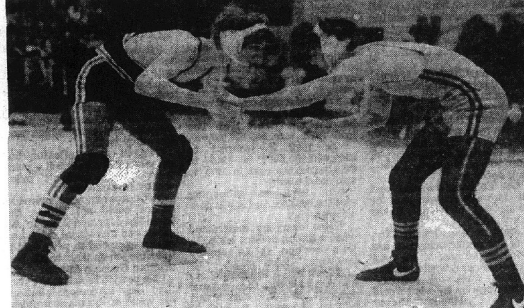

A Tri-City Shrine Club clown and escape artist, Harry Monti of St. Louis, will be featured at the second annual Granite City Police vs. Granite City Firemen benefit basketball game at GCHS South gymnasium at 7:30 p.m. Wednesday.

The Shrine clown will present children with special badges while Monti attempts to free himself from a straitjacket while suspended in mid-air.

Donations of \$1 per person at the door will be contributed to the Officer Friendly Athletic Club Fund.

**WARRIOR UPSET VICTORY.** Top-seeded Rudy Pyle (right) of GCHS North had his undefeated status broken Saturday night at Roxana by South's Phil Lapinski, left, in the 112-pound championship round of the district wrestling tournament. Both wrestlers earned the right to advance to the sectional mat meet here this week. (Press-Record Photo)

**STEELER MAT VICTORY** provided Saturday at Roxana by North's Bill Carr (right) by a 3-2 decision over Warrior Dave Rushing in the 145-pound class championship finals of the district wrestling tournament. The win by Carr, giving him the class championship, was considered an upset as Rushing was the top-seeded matman going into the meet. (Press-Record Photo)

## North cagers split a pair

The Stealers of Granite City High School North split a pair of cage contests this weekend, losing 48-42 Friday at Quincy Catholic Boys' School and winning here Saturday 61-48 over Teutopolis.

North trailed 12-10 and 28-22 at the end of the first two periods. The Stealers rallied in the third quarter for a 24-24 tied ballgame, before losing out to Quincy in the final period.

The North players hit on 21 of 66 from the field and were zero of three from the foul line while committing 22 fouls. Quincy made good 16 of 44 field goals and sank 16 of 27 free throws while fouling only nine times. Jay Frerichs tallied 18 points for Catholic Boys' as high scorer.

Dave Schneckle led North's scoring effort with 12 points. Daryl Page tallied 10. Gene Logas had eight, Mike Waldo and Greg Gauen four apiece and Larry Jones and Don Lloyd scored two apiece.

Saturday at the South gymnasium, North upped its record to 11-8 by downing visiting

## Brooklyn falls to Trojans

Madison High School will end its 1923-74 regular basketball season Friday before heading into the DuPage regional Friday, Madison will be seeking to avenge its 83-64 early season loss to Central of St. Louis. The MHS Trojans, fourth in an 86-65 weekend defeat of Brooklyn here, will host the St. Louis squad for the 9 p.m. contest.

The local Trojans upped their season record Friday to 17-7 by leading Brooklyn at 17-7 by the end of the first quarter, 22-16, 39-30, 59-43

and the final score. Madison posted five field goals and 17 free throws in the final quarter for the win.

The Trojans hit 53 percent from the field, 26 of 49, and sank 34 out of 49 from the foul line while fouling against the enemy 17 times and committing 21 turnovers. The Trojans recovered 52 rebounds in the game, including 27 of their own. Chris Stanley led Madison in rebounding by recovering 14 while Ron Glasper scored 24 points as high pointmaker. Also

tallying points for Madison were Stanley with 15, Alvin Wigd with 15, Ken Henke and Kelvin Boyd all six each. Mike Walker four, Ron Jones and Emmett Timmons with two apiece, and Willie Sheary one. Ellsworth Wellmacker earned 11 high point honors for Brooklyn with 20. The visitors made good 29 of 61 field goals, seven of 18 free throws and fouled 32 times. Brooklyn recovered 28 rebounds but turned the ball over to Madison 22 times.

Madison's 17-7 record is the best in the state.

## Collinsville, Cahokia down South cage squad

The Granite City High School South Warriors fell victim in two cage contests, 79-58 here Friday to Collinsville and Saturday 82-66 at Cahokia.

South trailed the Kahoks, 26-16, 40-27 and 57-35, in the first three periods after failing to contain the striking power of Collinsville's Marc Fletcher and Dan Hayes. Fletcher tallied 24 points and Hayes 20.

The Warriors made good 23 field goals, shot 75 percent from the free line for 12 points and fouled 18 times. Collinsville hit on 31 from the field, 17 of 23 in charity tosses and fouled against South 15 times.

Tom Schooley led the Warriors' efforts Friday with 14 points. Mike Martinez tallied 13, Bert and Don Hutchings seven and Ken Nelson and Rick Fancher earned six apiece.

South is slated for two contests this weekend, at 8 p.m. Friday at Edwardsville and at 8

and the final score. Madison posted five field goals and 17 free throws in the final quarter for the win.

The Trojans hit 53 percent from the field, 26 of 49, and sank 34 out of 49 from the foul line while fouling against the enemy 17 times and committing 21 turnovers. The Trojans recovered 52 rebounds in the game, including 27 of their own. Chris Stanley led Madison in rebounding by recovering 14 while Ron Glasper scored 24 points as high pointmaker. Also

tallying points for Madison were Stanley with 15, Alvin Wigd with 15, Ken Henke and Kelvin Boyd all six each. Mike Walker four, Ron Jones and Emmett Timmons with two apiece, and Willie Sheary one. Ellsworth Wellmacker earned 11 high point honors for Brooklyn with 20. The visitors made good 29 of 61 field goals, seven of 18 free throws and fouled 32 times. Brooklyn recovered 28 rebounds but turned the ball over to Madison 22 times.

# Red Devils continue 'hot' streak, win 2 more

The Venice Red Devils, with first-year coach Richard Essington at the helm, booked their season record to 21-2 after posting back-to-back victories during the weekend.

The Devils added the 18th and 19th victims to their growing list of wins, 80-53 over Summer of St. Louis here Friday and 69-39 Saturday at Marquette of Alton.

Venice led Summer throughout the contest, posting quarter scores of 14-13, 32-9, 49-39 and the final score on 29 field goals and 22 free throws. The Devils committed 13 fouls.

The St. Louis squad hit on 24 from the field, and five of six

from the free line while committing 24 fouls.

A contest of mixed emotions, the game provided for second controversial incidents. Early in the first quarter, Mike Logan had to be taken off the court after he was struck on the head with a chain during the game.

Logan returned for second half action with his head bandaged and later was taken to St. Elizabeth Hospital where he was treated for a one-inch laceration to his head and was released.

Late in the final period, Red Devil Tony Siltion was fouled by Summer and at the same time

Summer was called on a technical foul for placing an unregistered player on the court. Summer protested the call while Siltion stepped to the foul line and sank one and one shots, then a one pointer to add three points for Venice.

Venice was led in scoring by Ron Henry who tallied 25 points. Other Devil pointmakers were: J. B. Harmon 17, Siltion 11, James Crowder 13, Reggie Gardner nine, Jeff Corrie five, and Mike Logan one.

Curtis Hughes was high scorer for Summer with 18 points.

The Red Devils carried their

## Gitcho wins in Poland, named best in Russia

Granite City's Jan Gitcho was named the most outstanding wrestler on the United States team during its tour of Russia. Gitcho defeated the USSR national champion in Moscow 5-4, and then posted a 2-3 victory at Kiev before wrestling to a 4-4 draw at Minsk.

Gitcho and the U.S. team next

participated in events in Poland last week. Gitcho defeated that country's national champion 15-6 at Warsaw and pinned his opponent at Rzesow to spark his team to a 5-4 victory for the tour finale.

The U.S. team is now in Zurich, Switzerland, for a vacation before returning later this week to New York.

## Meet tonight on women's softball

An organizational meeting for all managers and interested persons of the Granite City Park District's women's softball league will be held at 7 p.m. today.

Location will be Room 3 of the Nameki Recreation Center, Amos and Franklin avenues.

## Expert on ESP, occult to address GC Kiwanis Club

Gordon Hoener, an authority on extra-sensory perception, the occult, and psychic phenomena, will be the guest speaker for the Granite City Kiwanis Club's dinner meeting to be held at 6:30 p.m. today, at Charlie's Restaurant.

Hoener, an investments broker with A. G. Edwards & Sons, Inc., has, for the past seven years, been president of the Psychical Research Society of St. Louis. In this capacity, he has traveled widely to interview and study the work of parapsychologists, occultists, clairvoyants, ghost hunters, even witches, warlocks, and voodoo doctors.

He is the creator of "The Haunt Hunters," the first international clearinghouse of reports of the weird and unusual. And, for the past several years, he has been studying practical applications for extra-sensory perception. He is president of the Psychic Sciences Institute, Inc., which conducts academic research, renders consulting service and produces entertainment vehicles.

GORDON HOENER

Currently in production are a syndicated newspaper feature, a syndicated radio series, a full-length motion picture, and several television specials, all dealing with areas of the psychic and occult.

## Brinkhoff to speak on individualized school

Area educators will be offered a "second look" at individualized instruction at the annual Southern Illinois Leadership Clinic, scheduled for Tuesday at Southern Illinois University at Edwardsville.

The clinic is co-sponsored by the SIUE School of Education and the Southwestern Illinois Association for Supervision and Curriculum Development.

Henry T. Boss, associate professor of second-grade education and chairman of the clinic committee, said the 1971 clinic topic is being repeated "in response to the continuing interest in educational circles in all aspects of individualized instruction."

Lloyd Bishop, professor of educational administration, New York University, will be guest speaker at the noon luncheon. He is the author of many texts and articles on the subject of individualization.

The clinic will begin with registration and coffee in the Six Mile Lounge of the University Center at 8:30 a.m. Eight group sessions will be offered, beginning at 9:15 a.m. in the Madison Room. Participants will be asked to attend two different group discussions during the morning.

Topics and leaders will be: Changing Staff Attitudes on Individualization, James Meyer, principal of Harmony-

Emge School, Belleville. Individualizing, James Comer, associate professor of elementary education. Independent Study-Contract Usage, Dale Ott, director of independent study, Highland Schools.

Individualization in Open Space, Richard Brinkhoff, principal, Johnson School, Granite City.

Individualization in the Self-Contained Classroom, Alice Kelley, curriculum coordinator, East Alton.

Individually Guided Education, Eleanor Buerhig, individually guided education coordinator, Office of Superintendent of Public Instruction.

Method in Individualizing Instruction, Ann Pictor, developmental learning section, "SPI."

And the Role of Media in Individualization, Gary Hull, chairman of the department of instructional technology, SIUE.

The luncheon will be held in the St. Clair Room, with W. Deane Wiley, head of the SIUE School of Education, giving the welcome and introducing the speaker.

Faculty and administrative personnel from area schools—elementary, secondary and higher education—are to participate.

## Psychologists may form organization

The possibility of starting an organization of area psychologists will be explored Thursday evening in a meeting at Southern Illinois University at Edwardsville. Richard P. Walsh, associate professor of psychology, said any person in the area who identifies as a psychologist is invited to the meeting at 8 o'clock in the Mississippi Room of the University Center.

A survey of schools, hospitals, mental health clinics and universities indicates there are at least 125 psychologists in this region. In contrast, there were no more than 15 to 20 members of the profession in this vicinity as recently as eight to 10 years ago, he reported.

"It has been my personal feeling for some time that there is a community need for an organization representing our discipline," Walsh said.

"As a teacher, seeing my students move into relatively isolated professional positions, I have experienced a sense of abandonment on our part in not keeping them updated on professional developments and not providing a forum for them to exchange ideas with other psychologists."

"As a psychologist, I have been aware of other psychologists functioning in the community, even within the university, who I've never met."

"As a former director of the

University Counseling Services, I know that many members of the community do not know where to turn for psychological services. Hopefully, an organization such as I'm proposing would have some impact on these issues as well as many others."

Robert McLaughlin, chairman of the SIUE department of psychology, said his department is interested in helping establish the organization and will assist with the exploratory meeting.

## University of Scouting planned March 19 at SIUE

The Plaza Bird and Cahokia Mound Boy Scout Councils of Wood River and Granite City have completed plans for "The University of Scouting," a new concept in updating Scouting, to be held at the Southern Illinois University at Edwardsville Peck Building on Saturday, March 9, starting at 8:30 a.m. with the last "mini" course beginning at 4 p.m.

This is a one-day training period expressly designed for

all the adult scouters in both councils to obtain leadership training covering Cub Scouting, Boy Scouting, Exploring and general Scouting courses. Any adult scouter may register for and take any of the courses offered.

Gene Cobbel is the acting Scouting "Dean" with Mary Tarpoff in charge of Cubbing; Don Page, Scouting; Carl Sanders, Exploring; and Charles Pitts, Extraordinary

## New funds for audio-visual teaching aids

School districts totaling 683 in Illinois are eligible for supplementary allotments for Title II Elementary and Secondary Education projects approved for fiscal 1973.

In early February, \$510,342 in impounded federal funds for fiscal year 1973 were released and are being distributed to those school districts whose Title II projects were previously approved.

"The school districts which had Title II projects approved for fiscal 1973 are now eligible for a portion of funds which were withheld," explains Harvin Cook of the Office of the Superintendent of Public Instruction's instructional services division.

"When the school districts submit their vouchers for approved library sources, they will be reimbursed with these federal funds."

This is done in order to reduce the approved project in proportion to the amount of money withheld.

The ESEA of 1965 was one of then President Lyndon Johnson's programs to fight poverty and represents "the largest single commitment by the government to strengthen and improve educational quality and opportunities." Title II of the act provides federal funds for programs in the field of media services.

"This includes all printed materials, film strips, records and cassettes used in instructional programs," Cook notes. It does not include textbooks.

The projects are presently approved on an annual allocation. The amount each district may receive, if the project is approved according to federal guidelines, is determined on the basis of a formula computed by the OSPI. A school district may spend up to the resulting allocation.

## Seaman commended

Navy Seaman Apprentice Robert S. Sander, 433 North Drive, has been commended as a crewmember of the guided missile destroyer for his efforts as part of the U.S. Sixth Fleet task force in the Mediterranean during the latest Middle East crisis. The force stood ready to evacuate American citizens from danger areas and to back up government diplomats as they helped negotiate a cease fire. A 1973 graduate of Granite City High School, he joined the Navy in July 1973.

## Dr. Razzag to new offices

Dr. A. Razzag, M.D., will occupy a new office at the Koch Building, 1831 Edison Ave., on March 1, for the practice of internal medicine and cardiology.

Dr. Razzag has been in practice in Granite City for the past six months in association with a group of internists. He has been a member of the St. Elizabeth Hospital Medical Staff for the same period of time.

After completing his internship, Dr. Razzag did his residency in internal medicine at the Metropolitan Hospital Medical Center in New York and then at Mount Sinai Hospital, also in New York. He trained in cardiology at Barnes Hospital, St. Louis. Dr. Razzag had further training at Washington Hospital in London and then at National Heart Hospital, also in London.

Dr. Razzag is a Member of the Royal College of Physicians, United Kingdom, which means he is board certified in internal medicine and cardiology from England. He also is eligible for the American Board of Internal Medicine.

Dr. Razzag said appointments may be made for March 1 by calling (618) 452-4774.

## Amvets 204 to host district

Commander Thomas Voloski of Amvet Post 204, Madison, announced today that the post will host a District Five meeting Sunday, March 17, beginning at 2 p.m.

At the group's February meeting in the post headquarters, 1242 Iowa St., Madison, Voloski also reminded members that the Illinois State Convention will be held June 27, through June 30 in Peoria, Ill. New members of Post 204 introduced were Otto Miller, Tony Besserman, Aimo Hakkarinen, Joseph Obucina, and Otto Winkler.

Frank Schenckoff Jr. was appointed chairman of the amvets annual fish fry Friday, April 12, from 4 p.m. until 7 p.m. in the Madison Recreation Center.

Voloski also appointed Joseph Paps as chairman of the annual football tickets.

Membership Chairman Vasil Gravelle reported the post has 143 members, and urged all members to mark the first Thursday of each month on their calendars and attend the regular meetings.

## At Naval air base

## Percy seeking report on missing servicemen

By LESTER BELL, Press-Record Washington Bureau.

Sen. Charles H. Percy, following a lunch with Soviet Ambassador Anatoly Dobrynin, plans to ask other embassies to encourage Hanoi to account for American servicemen still missing in Southeast Asia.

Dobrynin invited the Illinois Republican to lunch at the Soviet Embassy. Percy had dined with the ambassador before and the senator had also entertained Dobrynin at his Georgetown home.

Percy says the luncheon date was "fortuitous" because it gave him an opportunity to discuss Americans missing in Indochina and to ask Dobrynin to use Soviet influence on Hanoi to account for the 1,127 missing Americans.

Percy was conveying a proposal from the National League of Families of American Prisoners and Missing in Southeast Asia.

The group, which Percy had met with earlier, called for a ban on trade with the Soviet Union until Moscow used its influence in Hanoi.

Percy read the group's statement to the ambassador and they "talked about it for 15 minutes," a spokesman for Percy said.

Percy suggested that Dobrynin and his countrymen could sympathize with the Americans whose men are missing in Indochina because,

as the senator put it to the ambassador, "you've suffered as much in war as anybody."

In seeking the most offices of the Soviets, "Percy got the feeling that Dobrynin understood the problem," his aide said.

Percy's aide characterized the discussion, which apparently was restricted to the two men, as promising.

Percy did not even intimate that proposals to grant the Soviet Union "most-favored-nation trade status could be jeopardized by reluctance to pressure Hanoi."

"Percy did not threaten," his spokesman asserted.

The senator indicated to his top aides that, as a result of the talk with Dobrynin, he now wants to talk with other ambassadors whom he knows personally and socially.

He hopes to encourage them to use their influence as well with Hanoi to get an accounting of American personnel missing in action.

"If he gets a good response, then he will go check with others he doesn't know personally," an aide said.

Percy hesitates to name the ambassadors in advance of requested meetings because he feels they would take it amiss to read about his plans first in the press.

The first embassies on his list are probably Sweden's and Czechoslovakia's. It is understood.

## Legislative conference

Governor Dan Walker is to address the Illinois State Chamber of Commerce 1974 legislative conference Wednesday, April 17, at Holiday Inn East, Springfield. He will discuss "Accountability to the Economy at the 1974 conference is 'Issues in Crisis'."

Businessmen will question administration and legislative leaders on state policies and programs and major issues facing the Illinois General Assembly, which starts its spring deliberations April 16.

Topics will include "The State Economy in the Energy Crisis—Will It Force a Tax Increase?" "Mass Transit and Highways—Can They Co-Exist?" and "Energy and the Environment—A Confrontation?"

Panelists will include Hal Hovey, director, state Bureau of the Budget; George W. Lindberg, state comptroller; Dr. A. James Heins, professor of economics, University of Illinois, Urbana; Langhorn Bond, secretary, Illinois

## Court grants 8 divorces

Eight area couples have obtained divorces in Madison County Circuit Court. Divorced were:

Elizabeth Anderson (Weber) of St. Louis from Robert Gene Anderson of Granite City. They were married Feb. 11, 1969, in East St. Louis and separated in August 1971. Mental cruelty was charged. Custody of one child was granted to the mother. The court reserved ruling on the issue of child support.

Vickie Eileen Woodworth (Fries) of Venice from John Robert Woodworth of Collinsville. They were married Dec. 6, 1970, in State Park and separated May 10, 1971. Desertion was charged. Custody of one child was granted to the mother. The court reserved ruling on the issue of child support.

Bernice Vivian Simpson (Page) from Elvin Bert Simpson, both of Granite City. They were married June 28, 1973, in Madison County and separated Sept. 11, 1973. Mental cruelty was charged.

Debra Faye Ray (Spisoff) from Eddie Burrill Ray, both of Madison. They were married April 12, 1971, in St. Louis and separated Nov. 6, 1973. Mental cruelty was charged. Custody of one child was granted to the mother and the father was ordered to pay \$20 per week child support.

Sherry Lee Tobin (Stout) of Pontoon Beach from Denny Tobin of East St. Louis. They were married Jan. 2, 1974, in East St. Louis and separated the same day. Physical and mental cruelty were charged. Her former name was restored.

Sharon Kay Brockett (Ousmer) from Sharon Kay Brockett of Burlington, Iowa. They were married Jan. 15, 1971, in Bellevue, Ill., and separated June 28, 1973. Mental cruelty was charged. Her former name was restored.

Kathy Ann McNeill (Lewis) from Maurice Allan McNeill, both of Pontoon Beach. They were married May 11, 1971, in Edwardsville, and separated Jan. 25, 1974. Mental cruelty was charged. Her former married name of Kathy Ann Consiglio was restored.

Shirley Jean Millsap (Cluts) from Danny Charles Millsap, both of Granite City. They were married Sept. 9, 1972, in Madison County and separated Jan. 11, 1974. Mental cruelty was charged. Her former married name of Shirley Jean Pope was restored.

HOME LOOTED Steve Mejski, 2659 Benton St., reported Thursday that burglars removed a screen and pried the window to a rear bedroom at his home, ransacked two bedrooms and stole a portable television, valued at \$130; a radio, \$50; a console stereo, \$240; \$130 in quarters and dimes; a .22 caliber automatic weapon, an electric shaver, 12 shirts, two jackets, cigarette lighter and a stove-top ashtray.

## THE SCHIERMER BULLETIN

Our super scout ran into two exceptional buys last week and we think we have enough for this week too. Broken Potatoes at 29¢ lb. and canned soda 38¢ for 75¢. 24 can cases for \$1.89. The potatoes are fresh. The soda is fine quality but only one flavor: Cherry-Cola. Buy it while it lasts.

The Garden Shop is humming along. Our prediction is that this year will have more people involved in gardening than any year since the "Victory gardens" of World War II. Now is the time to plant seed potatoes and onion sets and the Garden Shop is well supplied. Most of our 1974 seed is in although some items have proved hard to get.

Our general store stock situation remains good. Very few "outs" and these few were items caught in the truck strike. We've noticed some customers that we used to see twice a week, making careful lists and doing the job in one trip. Smart people. Saving gas while they save money at Schiermer's.

Leo and Avery

SENIOR CITIZENS from the Madison Club enjoy dancing to the music of the Duke Dudley Band at their first annual Valentine dinner dance Thursday evening at the Madison Recreation Center. On the dance floor, from left to right, are Mrs. Dorothy Bridick, club president, and her husband, Andrew; Mrs. Ann Cicio

## Madison seniors enjoy Valentine dance

The Madison Senior Citizen's Club and invited guests of the area gathered at the Madison Recreation Center Thursday evening for a covered dish supper at five o'clock, followed by a St. Valentine's Day dance.

Mrs. Josephine Knezevich, chaplain, offered the invocation prior to the dinner. Among those seated at the head table were the club president, Mrs. Dorothy Bridick, and Mayor Mike Sasyk of Madison.

Mr. and Mrs. Frank Shifter were in charge of the dance and decorating committee, assisted by several members. The color scheme was in red and white in keeping with the Valentine holiday.

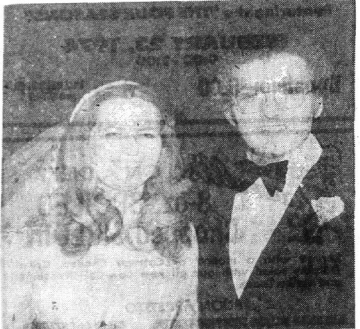

Each table was covered by a white cloth and centered with red streamers, hearts and a bud vase holding a red rose. Garlands were suspended from the ceiling with heart mobiles placed at intervals about the room.

After the dinner hour Mayor Sasyk thanked the members and Mrs. Bridick extended an invitation to the guests to attend other activities of the club.

Members of the Madison Senior Citizens Kitchen Band played several selections on their handmade instruments constructed from such items as coffee cans, strainers, wash boards and wash tubs. The group has performed at many club meetings and church functions.

The remainder of the evening was spent dancing to music furnished by "Duke" Dudley and a five-piece band from Musician's Local 717, who played request numbers.

Those signing the register included: Clarence Green, past president of the club, Mesdames Clarence Green, Dorothy Bridick, Ann Boelling, Vickie Bridick, Mildred Shifter, Josephine Cervinsky, Minnie Kushnir, Sue Blattner, Mary Connolly, Josephine Bocian, Loretta Woodson, Verna VanOver, Alice Price, Opal Voss, Mary Bridick, Mesdames Elizabeth Noivach, Helen Smith, Helen Grace, Grace Hornum, Irene Todd, Frances Zabotka, Helen Dombrowski, Barbara Dudak, Opal Fogle, Jewel Ratliff, Mary Dezan, Nell Dezan, Anna Reed, Edna Foster, Theresia Fogle, Bertha Murphy, Annetta Stultz, Mesdames Frances Baker, Eileen Rickett, Opha

MR. AND MRS. PATRICK J. LOFTUS. They were married Saturday evening at Hope Lutheran Church. The bride is the former Mary Ann Neumann, daughter of Mr. and Mrs. Elmer D. Neumann, 1551 Cottage Ave.

## Miss Mary Ann Neumann, Patrick Loftus are wed

In a double ring ceremony at 6:30 o'clock Saturday evening, Miss Mary Ann Neumann became the bride of Patrick J. Loftus.

The Rev. Thomas Teske heard the couple exchange their wedding vows in a candlelight setting at Hope Lutheran Church.

The bride is a daughter of Mr. and Mrs. Elmer D. Neumann, 1551 Cottage Ave. The groom's parents are Mr. and Mrs. Mickey D. Loftus, 26 Bermuda Lane.

Soloist Keith Curtis presented a selection of nuptial music, including "If," "The Wedding Song" and "Color My World." He was accompanied at the organ by A. H. Froelich.

The former Miss Neumann was given in marriage by her father. She chose an ivory color delustered satin gown fashioned with an Empire silhouette. Chantilly lace was scalloped on the bodice, designed with a sheer yoke and high lace neckline.

The long sleeves were made in the Renaissance puffed-top style, banded with Chantilly and tapered with buttoned lace. A deep sweep of lace encircled the long skirt and the hemline was edged with lace scallops.

A lace camelot secured the total look matching mantilla, lavishly bordered with heavy lace which cascaded into a full sweep. She carried a colonial bouquet of white mums, white roses, pink fuzzies and purple statice.

Mrs. Phyllis McMillan was the matron of honor and Miss Linda Fischer was the honor maid. Bridesmaids were Miss Sue Turnbull, Miss Sue Ellen Neumann, the bride's cousin, and Miss Patti Rogers.

The bridegroom's sister, Michelle Loftus, served as flower girl. She was escorted by Travis Bushue, ring bearer. The attendants were identical gowns of white brocade printed with a pink and purple floral design. The high necklines were detailed with

## Auxiliary signs MIA-POW petition

At the Amvets Auxiliary 51 meeting last week at the Post Home, 5100 Lakeview Drive, the members signed a petition demanding an accounting of the men who still are listed as missing in action in Vietnam. The petition will be sent to the U.S. Congress.

Bracelets to support the MIA-POW information and education program were sold at the meeting.

Through its Americanism project, the auxiliary voted to send two volunteers to Scott Air Force Base, Belleville, once a week to work in the MIA-POW office. It was announced that speakers are available from the Scott Air Force Base, without charge, to speak on the treatment received by U.S. servicemen while held prisoner and what efforts are being made to resolve the question of those missing in action.

The local auxiliary and Amvets post have agreed to jointly purchase an advertising page in the Illinois Amvets state convention brochure, it was announced. The state meeting will be held June 27 to June 30 at Peoria.

Mrs. Ann Tucker, hospital chairman, reported serving as a volunteer each Thursday at St. Elizabeth Hospital, where she works as a liaison between surgery patients and their waiting families.

Community service projects reported, include a donation to a needy family, get-well cards sent to hospital patients and a toy purchased for a child recovering from open heart surgery.

Mrs. Charlotte Damal, president, said the 8th Division meeting will be March 17 at Madison Amvets Post 204. Auxiliary members will hold their annual fund raising "crazy auction" in connection with the event, she announced.

Prizes were awarded to Mrs. Gladys Brockman and Mrs. Melba Manninger during the social hour.

## Cub leaders to see 'fair' slides

Slides of the 1973 "Cub Theme Fair" will highlight a meeting Tuesday evening of the Cub Scout Roundtable at 7:30 at Coolidge Junior High School. The session replaces one postponed last week.

Mrs. Nadene Taylor, Roundtable commissioner, today urged all Cub Scout leaders to attend and learn more about requirements for this year's "Cub Theme Fair," scheduled to take place April 20 at St. Margaret Mary School.

Other activities planned for tomorrow evening, including details of the March "Communications" theme and information concerning University Day of Scouting, a program to be co-sponsored by Southern Illinois University at Edwardsville and the Cahokia Mounds Council, Boy Scouts of America, Mrs. Taylor said.

MR. AND MRS. GARY BAKER. They were married at Central Christian Church. The bride is the former Donna Cain, a daughter of Mr. and Mrs. Donald H. Cain, 3262 Franklin Ave. (Graveman Photography)

## Baker-Cain ceremony at Central Christian

Miss Donna Cain became the bride of Gary Baker in a double ring ceremony on Feb. 2 at Central Christian Church, 2020 Johnson Road.

Dr. Jim L. Anthis, pastor, heard the couple repeat their vows at 6 p.m.

Bouquets of white chrysanthemums and burning tapers in white standard candelabra, festooned with greenery, decorated the church sanctuary.

The bride is a daughter of Mr. and Mrs. Donald H. Cain, 3262 Franklin Ave. The groom's parents, Mr. and Mrs. Hildreth Baker, reside at 2714 Maryville Road, Collinsville.

Nuptial music was provided by Jack Jenkins at the organ. He also accompanied the soloist, Mrs. Lois Silbey, who sang "Wedding Prayer," "One Hand, One Heart," "Sunrise, Sunset" and "A Time For Us."

The bride chose a wedding gown of pure white satin peau

## Caucus meet

The Women's Caucus of Southern Illinois University at Edwardsville will meet at 6:30 p.m. Tuesday in the Science Building, Room 314.

A proposed constitution for the group will be presented and discussed. All women in the St. Louis metropolitan area are being invited to attend.

## Faculty Club names officers

Frederick Zurbide of Alton, associate professor of physics at Southern Illinois University at Edwardsville, has been elected president of the faculty directors of the SIUE Faculty Club for 1974.

Other officers are John Robinson, East St. Louis, staff assistant in the Supplemental Instructional Program, vice-president; John Oldani, St. Louis, assistant professor of English; language and literature, secretary; and Warren Brown, Edwardsville, dean of students, treasurer.

## March 6 workshop at St. Joseph

Final plans for a workshop at St. Joseph Catholic Church, to be sponsored by the Alton Deaconry on March 6, were made last week at a meeting of St. Ann's Altar Society at St. Joseph Church.

The Rev. Spreen, moderator,

and Jerry Geekie, diocesan president, will be special guests at the workshop. It was announced activities will include a 9:30 a.m. Mass; registration at 10:15 a.m.; business meeting at 10:30 a.m. and a luncheon at 12:15 p.m. Reports and

discussions will begin at 1 p.m. Mrs. Margaret Minzes, president, was in charge of the society's business session. A financial report was read by Mrs. Irma Manning and the group voted to serve students milk, candy and cup cakes as a Valentine's Day treat.

Members also elected to send

a monetary gift and card to Rev. Engelbert Biemek of St. Mary Catholic Church, Madison, in observance of his 50th anniversary in the priesthood.

### Discussion of changing Illinois House's selection method spotlights unique 'single-shooting' tactic expected in this year's balloting

There has been much discussion in the eastern end of Madison County over whether organization Democrats are helping one of their two endorsed state representative candidates, Rep. Horace Calvo of Granite City, more than they are helping the other, Joe Lucco of Edwardsville.

The question spotlights one aspect of Illinois' unique way of electing representatives — cumulative voting in multiple-member districts.

Those voting for March and November House aspirants in March and November can choose between one individual for three votes or two aspirants for one-and-a-half votes each. The November general ballot also offers a chance to choose three individuals for single votes.

Although the County Democratic Central Committee did endorse two for the two Democratic posts to be filled, the March vote in the 56th District is tantamount to election for the top two Democratic finishers. With this in mind, all of the chips are on the table in the primary. Among adherents of the 11 Democratic candidates, there is bound to be considerable "single shooting" (three-vote support for the voter's favorite).

The prospects of Calvo, Lucco, Dan O'Neill, Wendell Durr and other hard-working candidates are being discussed this year simultaneously with talk about the petition drive aimed at putting single-member districts on a "blue ballot" for consideration in November.

Regardless of the outcome of such

Multiple 'State of the Union' yearly messages could prove helpful

On Feb. 1, Senate Majority Leader Mansfield presented the Congressional State of the Union message, carried by the major networks and reported extensively by the news media.

It was one of the few times that a leader of Congress has been given such broad news coverage in assessing the nation's goals and programs from the legislative viewpoint.

Performing arts center for this populous area before Springfield

A news release from Springfield that caught our eye was titled "Lt. Gov. Neil F. Hartigan urges World's Fair of Agriculture and Construction performing arts center in Springfield."

It may be a fine idea, but we hope he and other officials keep in mind the earlier proposal for development of an exposition hall and performing arts center in Madison-St. Clair Counties, the No. 2 concentration of

population in Illinois.

Chicago, the No. 1 population center, already has been aided by the state in this fashion in the reconstruction of McCormick Place.

Mr. Hartigan's thought is that the state fairgrounds could be made a time for the 1976 U.S. bicentennial.

We think the local region should come first. How about Madison-St. Clair Counties in 1974 and Springfield in 1975?

## Cut 'red tape' in road construction

By SUSAN L. SACHS

DOT Planning Director John Kramer explained that some of the extra time added over the last few years has been to allow public participation. But much of the process, he said, is "needless red tape and paper shuffling."

Kramer predicted that in 1974 much of the federal review will be eliminated and perhaps two years' turn of completion time for highways.

Bond added that energy conservation measures in the department and a greater emphasis on alternative modes of transportation will be the focus for this year.

DOT emphasizes, he predicted, will be on support for common carrier transport like buses and planes, on improving the quality and quantity of Amtrak service, and on establishing a state supported intercity rail system.

The layout of some 1,000 DOT employees last year was termed a success by Bond and Kramer. Kramer pointed to

# Last off-year Illinois vote

The curtain is up on the 1974 off-year elections in Illinois and its counties... the last "off-year" election of the type that has been occurring between presidential elections ever since Illinois came into existence 130 years ago.

The next "off-year" election will occur for other provisions of the 1970 Illinois constitution which will have provided Illinois citizens with an election that can never be described as "off-year."

Illinois will be electing a governor and other state officers in 1978.

The new constitution provides that the Illinois governor elected in 1978 will serve two-year terms and that in state may be elected on non-presidential election years.

For the final of Illinois off-year elections that will occur in 1974, the stage has been firmly set for federal, state and county offices.

The primary election will be held March 19. The winners will become the candidates in the general election next November.

As the constitution provides that the Illinois governor elected in 1978 will serve two-year terms and that in state may be elected on non-presidential election years.

For the final of Illinois off-year elections that will occur in 1974, the stage has been firmly set for federal, state and county offices.

## Administration tearing U. S. apart

To the Editor:

As an American citizen and one who loves his country, I think I have every right to voice my opinion on the administration and his loyal supporters, such as Vice President Ford and Senator Spiro Agnew.

This will come to an end, but I have no timetable that will tell us when the sooner the better.

The time has come for new leadership that will listen and act according to the best interests of the American people, instead of spending our tax dollars for useless foreign programs that mean nothing to

## Skilled, dedicated service at hospital

To the Editor:

I was sorry to see the letter in the Feb. 11 issue complaining about hospital service.

I have been in the hospital several times in the past year, and have found the service to be outstanding. I have found most of the people skilled, competent and polite.

I have also found that a smile, a "please" and "thank you" are going to St. Louis for treatment, how come our hospital is so crowded?

During the past month, I went to my doctor with a fever and a virus of some sort. My doctor suggested that it was not a virus, but appendicitis.

Five minutes later, this diagnosis was confirmed in the emergency room by a doctor who immediately requested an

## Silent majority can decide election

To the Editor:

While campaigning for first and second place in the election, I have often heard statements such as, "I guess I'll vote for the other side this time and let someone else have a chance."

I know how these people feel, for often we don't have much choice — only trying to pick the lesser of two evils.

But for a pleasant and exciting change, we have a choice for the Division of Local Roads and Streets, predicted that Illinois counties, municipalities, and townships will have to look for ways to stretch what dollars they get.

Prices for highway materials like asphalt are doubling, and we are trying to find ways of using less asphalt," he explained. Rather than replace bridges, for example, engineers are exploring ways to keep the old ones in service longer.

## Low favors state lottery

SPRINGFIELD — A public opinion survey conducted by a nationally prominent polling firm at the request of Gov. Daniel Walker says 70 per cent of state residents are in favor of the RTA with passage of the controversial Chicago area Regional Transit Authority (RTA).

The sampling was taken in December just after legislative approval of the massive six-county transit district.

A total of 499 persons throughout the state were contacted in person. They were asked to state simply whether or not they were pleased or displeased with the RTA package.

In downstate metropolitan areas the percentage of those pleased with the RTA drops considerably — 44 per cent expressed pleasure and 56 per cent looked on it with dis-

favor.

Strangely enough, in rural downstate areas the percentage of those pleased with the RTA rises to 70 per cent with 24 per cent expressing displeasure.

Suburbanites, who also quizzed state residents on their feelings about the newly approved state lottery, the RTA, were overwhelmingly favorable.

Seventy-seven per cent of the population statewide expressed pleasure with the lottery and 15 per cent were displeased. In Chicago 86 per cent of the respondents approved the lottery and 14 per cent disapproved.

The state is scheduled to begin creating overnight millionaires via the lottery July 1.

The state's central section has been represented by Republicans.

In the last decade Illinois has sent 24 representatives to Congress and they have divided 12 and 12.

The Democrats in Illinois may win an edge in the Illinois congressional delegation in 1974.

In fact, it will be a mild surprise if they do not.

The Illinois delegation after the 1974 election could easily stand at 19 Democrats and 11 Republicans, and the edge for Democrats could even be greater than that.

But here again such a development will not be an indication that Watergate has thrown the Republicans off track.

GOP weakness in Illinois congressional elections has resulted from the failure of the GOP to bring out a powerful opponent against Sen. Stevenson.

Had William Scott, present Illinois attorney general and a Republican, accepted the nomination of his party to oppose Stevenson, he might have won the Senate seat.

At minimum he would have provided the strength at the

## Urban plans too often ignore people's ideas

More power should be given to local opinion than to professional urban planners in developing the communities of the future, in the opinion of John Adkins Richardson.

Richardson, professor of art and design at Southern Illinois University at Edwardsville, was the principal speaker this month at the University of Southern Illinois (USI) seminar at Edwardsville (USE).

More than 200 persons attended the third of the series.

Using slides to illustrate his talk, Richardson presented numerous examples of urban planning which failed to consider the wishes and needs of the people to be served, and he cited the USI campus as the example most familiar to his audience.

Richardson praised the USI campus as being "the direct result of listening to the people of the locale and paid attention to their wishes."

He charged that the campus, from a physical standpoint, "is full of deficiencies and malfunctions and aimless, if attractive, configurations because the design consultants listened to none but themselves."

"Much pain and considerable cost have been saved had they done some things most of us wanted," Richardson said.

Following his talk, during a question and answer period, Richardson agreed with Dr. John S. Rendleman, president of the USI, that the audience that "SUE has one of the most beautiful campuses in the world."

He reiterated his feeling that "the planners were not sensitive to the needs and wishes of the people who would be using the campus."

He cited parking problems as the foremost example of his contention.

The president, Rendleman, who was master of ceremonies for the seminar, explained that the campus is far less than its virtues," and he said the situation exemplifies the adage that "not all plans are perfect."

"The public today would not pay the price to build the beautiful vistas and the tremendously expensive, buildings that are now here," Rendleman said.

"It is not realistic to despair about the transitory problems and the transitory society... the tribulations of today will pass, and there will be a brighter tomorrow. We must be very careful for the long-range commitment to higher education of the people of this area, which made this campus possible."

Richardson presented slides to illustrate the problems of today's urban environment. "Not only is it noisy, uncomfortable and polluted," he said, "it is crime-ridden and a lot of it is uninhabitable."

He compared people living in the worst areas of the cities with laboratory rats, who under normal conditions are intelligent, well-fed and docile, "but packed into an abnormally small living area, become vicious, hostile and fight all the time."

"The incidence of birth defects, infertility and sexual aberration rises sharply. There are murders and suicides."

Richardson presented slides of proposals made through the years by urban planners and architects to solve overcrowded conditions of cities.

"What all these proposals have in common is the recognition that communities are multicelled organisms interrelated by common systems of communication and power."

He said he believes the mistakes and problems of the past indicate that the designers of our future should embrace the ordinary along with the exceptional, and their committees and boards should really listen to the local citizenry."

## 25 Years Ago Formal opening of market

FEBRUARY 18, 1949

The formal opening of Cohen's Food Market, 2301 Illinois Ave., "where Ma saves Pa's dough," was held this

By action of the Illinois General Assembly taken in special session last in November, there will be a public referendum in the six northeastern counties of the state on the question of establishing a municipal regional mass transit district with powers that have been described as "second only to the Illinois legislature itself."

This issue is likely to bring thousands of citizens to the polls in Cook, DuPage, Kane, McHenry, Lake and Will counties who would ordinarily not vote in a primary election.

This expanding of the voter list in these counties may have an important bearing on some primary races.

The primary race that is to reveal more about the political trends in Illinois for the remainder of the 1970s is taking place in far-off southern Illinois.

Paul Simon, the former lieutenant governor, has decided to run for the U.S. Congress from the district that includes Carbondale and Cairo.

If Watergate and the shoe box scandal have made any impression on Illinois voters, it is perhaps only the Simon race that will reveal it.

## Urban plans too often ignore people's ideas

Richardson said he feels that Buckminster Fuller, SUE visiting professor and a USE keynote speaker, who predicted major changes in society in the next 10 years, "is a stranger to the present (the fact of everyday world)."

"Let's you mistake my meaning," Richardson asserted. "My quarrel is not with Fuller and his ideas; it is with virtually all rationalized planning of the same general type."

"As to the need for social planning," Richardson said, "there can be but little doubt. 'But what is important is that the planners should never be suffered to impose their controls on the cultural life of the community, to curtail the freedom of men to differ in their aesthetic opinions, to save when in pursuit of their preference, they inflict a demonstrable hurt on their fellows.'"

Only by vigilant adherence to this precept can people remain secure and still breathe the freshening air that comes from beyond the realm of regulations and building codes," Richardson asserted.

He was joined by Kevin Johnson of Staunton, an art history major and one of the USE presidential scholars, who urged more "aesthetic education" for the people in an effort to improve social planning.

Richardson presented slides to illustrate the problems of today's urban environment. "Not only is it noisy, uncomfortable and polluted," he said, "it is crime-ridden and a lot of it is uninhabitable."

He compared people living in the worst areas of the cities with laboratory rats, who under normal conditions are intelligent, well-fed and docile, "but packed into an abnormally small living area, become vicious, hostile and fight all the time."

by the proprietors, Louis Cohen, Ruben R. Keiz and Harry Sher, in the completely renovated store building.

## Avoiding 'lone wolf' cooking saves energy

Doing simple kitchen jobs by hand using energy (calories) and at the same time saves the energy used by an electric appliance. Do you really need electricity to open a can? To stir up a small amount of batter? To sharpen your knives?

Some people do because of handicaps or ill health. But by far, most people do not, notes Geraldine Acker, University of Illinois Extension foods specialist.

You can also save energy by not using the burners when your main dish is to be baked in the oven, Miss Acker says.

Heating the oven requires only a certain amount of energy regardless of how much is cooked in it. And with a little planning, you can cook all of a meal in the oven.

Meat loaf, steamed carrots, scalloped potatoes and baked apples make a good oven meal, she adds.

For a larger oven, fried chicken, baked rice, baked squash, and a hot fruit dish cook well together. Besides saving energy, oven meals require

little watching, freeing your time for other things.

It's important to cook the protein dish—meat, for example—at the recommended temperature. But vegetables and most desserts can be cooked successfully at temperatures 25 degrees lower for a longer time of 25 degrees higher for a shorter time than recommended, Miss Acker explains.

It takes about two to three times longer to cook left-over or canned vegetables in the oven than on a burner.

But if the meat dish takes 45 minutes to cook, most vegetables cut in medium-sized pieces and placed in a tightly covered container will cook within that time.

Of course, some foods have to be "lone wolves," acknowledges Miss Acker. Delicate cakes and soufflés require special care. Unless the other foods you want to bake can be put into the oven and not removed until the more delicate product is done, bake the "lone wolf" alone.

## Frohhardt PTA to honor presidents

Ralph D. Frohardt, retired former principal of Condit Junior High School, will be guest speaker at the Founders Day program of Frohardt Parent-Teacher Association at 7:30 p.m. Tuesday. Past presidents of the unit also will be honored.

Mr. Frohardt, a longtime educator in the Granite City School District, will present a series of slides concerning the historical background of Granite City and the construction of Frohardt School. All parents are being urged to attend the program. To honor all past presidents, the PTA will contribute a donation to the Easter Seal Society, officers said today.

Mrs. Florence Petrovich, chairman of a nominating committee to select the unit's 1974-75 officers, said nominations also will be accepted from the floor at tomorrow night's meeting. The slate of new officers will be submitted to the general

membership at the April business session.

A candy sale currently in progress at the school will conclude Feb. 22. It was announced. Order forms should be returned to the school by Friday, with delivery of the candy in about two weeks, PTA chairman reported.

Amvets Post 51 names royal duo

Mrs. Glenda Brockman and Harry Petras were crowned queen and king, respectively, of Amvets Post 51 and Auxiliary at a Valentine's Day party last week at the Post Home, 3100 Lakeview Drive.

Presiding at the coronation were Mrs. Charlotte Darnal and Adam Petras, the retiring royal duo. A social evening was enjoyed with members served a potluck supper. A prize was awarded to Tammy Petras.

**SERVICE COUPLE VISITS**  
MOTHER, GRANDMOTHER  
Mrs. Margaret Mary St. Margaret Mary French fries, pickles, buttered peas, fruit.  
Wednesday—Orange juice, chili and crackers, salad, peanut butter sandwiches and cookies.  
Thursday—Fried chicken, sweet potatoes, green beans, cranberry sauce, pears.  
Friday—Tomato soup, toasted cheese sandwich, slow gelatin.  
Monday—Spaghetti with meat sauce, buttered corn, lettuce, plumb pudding.

**St. Elizabeth**  
Tuesday—Beef ravioli, salad, corn cake.  
Wednesday—Hamburger on bun, French fries, pickles, dessert.  
Thursday—Spaghetti and meat sauce, celery and carrot sticks, fruit cobbler.  
Friday—Hot fish on bun, baked potatoes, salad and fruit.  
Monday—Pork sausage, rice, mashed potatoes, applesauce.

**St. Marys**  
Tuesday—Pizzaburger on bun, corn, potato chips, gelatin.  
Wednesday—Pig and pokes, baked beans, fruit cups.  
Thursday—Chicken and dumplings, tossed salad, cake.  
Friday—Vegetable soup, grilled cheese, cookies.  
Monday—Chili and crackers, peanut butter sandwich and cake.

**Sacred Heart**  
Tuesday—Hamburger and gravy, mashed potatoes, buttered peas, beans, cookies.  
Wednesday—Beef ravioli, cheese slice, lettuce, buttered carrots, applesauce.  
Thursday—Turkey and gravy over rice, cole slaw, cranberry sauce.  
Friday—Toasted cheese, green beans, tossed salad, peaches.  
Monday—Orange juice, meatballs, cheese, buttered peas, lettuce, cup cakes.

**GRANITE CITY**  
Senior and Junior Highs  
Tuesday—Spanish rice with ground beef, buttered corn,

tossed salad, pineapple upside down cake. (Serving period 3)  
Wednesday—Fried chicken, French fries, cole slaw, chilled peas, hot biscuits.  
Thursday—Tuna, baked, oven-browned whole potatoes, orange juice, ice cream cup.  
Friday—Manager's choice.  
Monday—Chili with crackers, peanut butter sandwich, peach hal. (Serving period 4)

**Elementary Schools**  
Tuesday—Orange juice, hamburger on bun, pickle and catsup.  
French fries, fruit cobbler. (Serving period 3)  
Wednesday—Creamed turkey with biscuits, buttered green beans, oatmeal cake with white frosting.  
Thursday—Manager's choice.  
Friday—Tomato soup, cheese sandwich, potato chips, cherry cobbler.  
Monday—Barbecue beef on bun, mashed potatoes, buttered green beans, ice cream cup or bar. (Serving period 4)

**MADISON**  
Tuesday—Orange juice, meat loaf and gravy, whipped potatoes, buttered carrots, fruit cocktail.  
Wednesday—Spaghetti and meat sauce, cheese stick, colico slow, cake.  
Thursday—Baked turkey, giblet dressing, green beans, cranberry sauce, orange gelatin.  
Friday—Tuna salad on lettuce, buttered peas, tomatoes and shells, rice pudding.  
Monday—Frankfurter on bun, parsley potatoes, sauerkraut, cake.

**VENICE**  
Tuesday—Tuna salad, baked beans, vegetable dessert.  
Wednesday—Turkey, dressing, potatoes, corn.  
Thursday—Hamburger patty, banana bread, cole slaw and dessert.  
Friday—Tuna bake peas, dessert.

**Monday—Sloppy joe, French fries, vegetable and dessert.**

**QUEEN OF HEARTS COURT** at the annual Valentine Ball of Women of the Moose Chapter 247. From left to right—Ernie Allison and his wife, Pat, who was chosen second maid of honor; Stacy Walker escorting his wife, Mildred, 1974 Queen; Mrs. Sandra Medley, first honor maid, and her husband, Paul Medley. The youngsters are Rachel and Thomas Goodman, grandchildren of the Walkers.

## Women of Moose select queen

Mrs. Mildred Walker was chosen Valentine Queen at the annual Queen of Hearts Ball, sponsored by Women of the Moose Chapter 247.

Several hundred persons attended the event held last week at Granite City Moose Lodge 272 hall, 19th and Adams streets.

Mrs. Walker, who serves as chapter hospital chairman, was presented a "Queen of Hearts" pin by the women's group and a trophy from the men's lodge. She was escorted by her husband, Stacy Walker. Two grandchildren of Mr. and Mrs. Walker, Rachel and Thomas Goodman, carried the queen's crown and trophy.

First maid honors went to

Mrs. Sandra Medley, membership chairman, who was escorted by her husband, Paul. Mrs. Pat Allison, Moosehaven chairman, was named second honor attendant. She was escorted by her husband, Ernie. Both Mrs. Medley and Mrs. Allison received special commemorative pins.

Runners-up honors were accorded to Mrs. Donna Westbrook, social service chairman, Mrs. Elizabeth Harlan, publicity, Mrs. Ginger Skaggs, child care and Mrs. Helen Davis, library chairman. Members of the college of regents formed the honor escort guard for the coronation segment. They included

Dorothy Cey, Edna Miller, Edith Rodgers, Mildred Yokupal, Gladys Markovich, Marian Lipscomb and Iris Chastain, who founded the Queen of Heart program. Also among the special escorting retinue were Mrs. Jean Toller, junior graduate regent; Mrs. Dorothy Pulley, regent; Mrs. Rose Sumner, chaplain and Mrs. Nancy Hamilton, junior regent. Others introduced to the assembly were Mrs. Margaret Hougeman, senior regent, who was escorted by Virgil Singler, governor of Moose Lodge 272, and Linda Batson, the retiring queen, who was escorted by Wes Lipscomb.

## Wilson PTA to meet Tuesday

Wilson School PTA will meet Tuesday at 7:30 p.m. in the all-purpose room at the school.

The 4th grade level will present a patriotic program for the meeting and the Cub Scouts will observe Boy Scout Month, which is being observed throughout February. The PTA candy sale began last week and will continue two weeks. Boxes of candy for \$1 and chocolate bars for 50 cents are being sold by the school children, including kindergarten through the sixth grade. Each child receives a ten-cent commission for each box of candy that they sell and 5 cents for each bar of candy.

## Epsilon Eta meets at Fountain home

Epsilon Eta Sorority met last week at the home of Mrs. Shirley Fountain, 3261 Erin Drive.

Valentine decorations were used by the hostess and refreshments were served. Mrs. Carol Kessler was presented a silver bank for her son, Curt, born Jan. 10. The educational program for the evening was "Ceramics."

Those present at the meeting were Mesdames Mary Ellen Boyer, Martha Barnett, Carol Grove, Joyce Jenness, Barbara Maycock, Nancy Sabo and Charlotte Talbot.

**At Florida base**  
Marine PFC. Billy L. Parker, son of Mr. and Mrs. Billy L. Parker of Rural Route Two and whose wife Debra is the daughter of Mr. and Mrs. William Boyer of 2215 State St., all of Granite City, has reported for duty at the Marine Corps Base at Parris, Fla.

A former student of Granite High School, he joined the Marine Corps in July 1973.

## Cloverview Club to attend workshop

Mrs. Charles Gandorla, 2337 Lynch Ave., was hostess to the members of the Cloverview Garden Club at a 12:30 dessert luncheon at Tempel's Smorgasbord last week. Mrs. William Bradley, president, opened the meeting and the club collect was read by Mrs. Gandorla.

An invitation was received from the Edwardsville Garden Club to a tea on March 7 marking the group's 31st anniversary. The two o'clock tea will be in the home of Mrs. Mathilda Hanser and the president of each club in District V is invited to attend, bringing another member.

Mrs. Bradley announced a workshop on the Environmental Improvement Program will be held at Fischer's Restaurant, Belleville on March 21 following the board meeting of District V, Garden Club of Illinois, Inc.

Prior to the workshop a 1 p.m. luncheon will be served to members attending. Guest speaker will be the state president, Mrs. Eugene J. Tamillo of Des Plaines; and Mrs. Earl Glenn of Granite City, state chairman.

Mrs. Harold E. Wolfe, Belleville, district chairman of the environmental program, is urging individual clubs to select a project in the program and enter a contest sponsored by Sears, Roebuck and Co., which will award prize money for qualified entries. Mrs. Joseph Oeha was named environmental chairman of Cloverview Club.

The annual meeting of District V will be held on March 28 with Lansdowne Garden Club as host, it was reported.

Mrs. Fred Orr, civic project chairman, stated a date will be set for the committee to meet with Gilbert Wamsley, principal of Granite City High School North, to decide the type of landscaping the club can donate which would be best suited to the needs of the school.

A new book, the "Constance Spry" encyclopedia of flower arranging, was added to the club library. The subject to be studied during the coming year will be flower arranging, it was noted.

Tentative plans for the annual guest day on May 14 were

## Daniels-Wisch engagement told

Dr. and Mrs. Paul Joseph Wisch of Sandy Bay, Tasmania, Australia, are announcing the engagement of their daughter, Paula Jo, to Thomas Oliver Daniels III, son of Mr. and Mrs. Thomas Oliver Daniels Sr., of Helvella, Calif.

The bride-elect's father is a former principal of McKinley

Scout Troop 68 marks birthday

Girl Scout Troop 68 celebrated its first troop birthday at a Valentine party last week at Sacred Heart School.

Badges were presented by the leaders, Mary Lou Bowers and Margaret Karpowicz, to Kathy Plebanek, Patty Sharp, Kitty Petty, Cindy Gammon, Kim Bowers, Chris Hatfield, Cindy McFall, Denise Goode and Carla Rytenksi, who also received a Girl Scout pin.

The girls' collections and projects were on display and were inspected by their mothers.

Cup cakes and fruit punch were served.

formulated and the committee was asked to meet in the home of Mrs. Orr, 2430 Lynch Ave., at 10 a.m. Feb. 26 to make further arrangements.

A program on ornithology, titled "The New Art of Bird Reading," was given by Mrs. B. C. O'Neill. Other members present were Mrs. Kenneth Brokaw, Mrs. Robert McCauley and Mrs. John Jenkins, who will entertain the club in her home, 2442 Lynch Ave., on March 12.

**GRAND OPENING**

Step out your door at the new Parkside Apartments and you're practically in Worthen Park with its playgrounds, picnic areas, tall trees, fresh air, green grass and blue sky... all part of your daily living. You'll love the rustic charm of Parkside's design and the convenient one-bedroom and two-bedroom floor plans with better living features like central air conditioning, carpeting and draperies, and generous closet and storage space. If you like the idea of a lovely park a few short steps from your door then Parkside is your kind of apartment. See it today!

All applicants must satisfy Federal Government income requirements.

## Plan for business doctoral degrees

Two new doctor of arts degree programs for Southern Illinois University at Edwardsville were authorized Thursday by the SIUE Board of Trustees, subject to the approval of the Illinois Board of Higher Education and the North Central Association of Secondary Schools and Colleges. The board met here.

The two degrees are a doctor of arts in physical sciences with a concentration in physics and a doctor of arts in business.

Doctor of arts degrees are relatively new in the United States and are oriented toward preparation of junior college-level teachers rather than researchers as is usually the case with doctor of philosophy degree programs.

A planned cooperative agreement with St. Louis University would allow students at either institution to work toward a doctor of arts or doctor of philosophy degree utilizing course work and faculty from both schools.

No other doctor of arts program with a concentration in physics is now being offered in Illinois or in the St. Louis metropolitan area.

Trustees were advised that the two degree proposals are a logical way for SIUE to enter into doctoral education and are designed to meet a demonstrated need for improvement in teaching for undergraduate college students.

The doctor of arts in business

will be interdisciplinary with courses in the fields of both business and economics, along with theory and practice in effective teaching. Faculty will be reassigned from lower-level courses to instruct in the new program.

No other U. S. college or university now offers a doctor of arts in business degree.

A redesignation of the proposed doctoral program in education at SIUE also was approved.

The name of the program was changed from doctor of philosophy in education to doctor of education (Ed.D.).

The change to Ed.D. puts the program in a "professional" rather than "traditional doctorate" category under regulations of the Illinois Board of Higher Education (IBHE), according to Dr. John S. Rendleman, SIUE president.

Rendleman said the change will permit the IBHE to evaluate the SIUE proposal with primary emphasis on the "demonstrated need" factor.

He also indicated that designation of the program as "professional" is more appropriate in relation to its prospective clients, who are almost exclusively mid-career professionals.

The new doctoral degree was first proposed in 1970, subject to the approval of the IBHE.

GRANITE CITY PRESS-RECORD  
Page 20 Mon., Feb. 18, 1974

## Clinic on farm pest controls

By WARREN W. BUNDY  
Madison County Farm Adviser

Pesticide dealers and custom applicators can get the latest pest control information and recommendations at an agricultural pesticide dealers and applicators clinic Wednesday at 9 a.m. at Riedel's Restaurant, Route 159. It is one of 10 such clinics scheduled throughout the state during February and March.

Pesticide regulations and recommendations for use will be discussed by specialists from the University of Illinois Cooperative Extension Service, Illinois Natural History Survey and Illinois Department of Agriculture.

A representative of the latter department will administer examinations for agricultural custom spray applicators and operator licenses at the end of each clinic.

A study booklet, "A Guide for the Custom Application of Pesticides in Illinois," prepared by U. of I. specialists, provides information on safe and effective pesticide use. The guide is available at the County Extension Office and is especially helpful to those who want to take the license examination.

Several Madison County farmers last year planted soybeans in wheat stubble land immediately after wheat harvest. The double-crop soybean yields were mostly in the 20 to 30 bushels per acre range, but one field yielded nearly 40 bushels per acre.

Although double-crop soybeans are a risky, no-till concept has greatly improved the probability of success by conserving moisture and time.

This now makes the planting of soybeans in wheat stubble more worthy of consideration. The method may not be successful in occasional dry years, and yields may sometimes be disappointing, but it can often be quite successful, though, and can increase income.

More information about double-crop soybeans and many other crop production practices is given in the 1974 Illinois agronomy handbook available at the county office for 50 cents.

Hospital Notes

Patients admitted to St. Elizabeth Hospital Friday:

Bradley K. Millikin, 2 yrs. R. R. 2; Alice Raisian, 1736 Maple; Myrtle M. Donley, 2226 Adams; Cleola Graves, 2924 E. 25th; Jack LeMaster, 2013 Missouri; Raymond E. Riddle, 2123 Beeson.

Theresa M. McGovern, 1616 Kennedy, Madison; Charlotte M. Thompson, 2913 Iowa, Quilla Mae Hill, Brooklyn; Vernis L. Sternberg, Alton.

Sam Barzoff, 1301 Iowa, Madison; Patricia Ann Lamb, R. 1, Edwardsville; Joseph Rausch, 1326 State, Madison; Samson Nigholossian, 1723 Chestnut; Jack L. Huel, St. Louis; Sandra J. Goodman, 29 Victoria.

Suzanne R. Moore, R. R. 1, O'Fallon; Cara L. Albers, R. R. 1, Collinsville; Donna Moneymaker, 3700 Joyce; Lillie M. DuBoise, 2032 Missouri; Doris Baby, E. Alton; Agnes J. Plagemann, 2827 Washington.

## New names for engineer, earth science faculties

New names for two academic departments at Southern Illinois University at Edwardsville were approved Thursday by the SIUE Board.

The Department of Engineering will become the Department of Engineering and Technology, and the Department of Earth Science will become the Department of Earth Science and Planning.

Both name changes were recommended to President John S. Rendleman by the University Senate at SIUE to more accurately reflect the mission and responsibilities of the two departments.

The name change in the Department of Engineering was recommended because of "a clarification in mission which enlarges the scope of the unit to include a broadly based engineering and technology program," Rendleman said.

Addition of the word planning to the title of the Department of Earth Science was recommended because of the unit's expertise and involvement in city and regional planning.

Festival concerts  
July 1 to Aug. 23

The Mississippi River Festival, Inc., will pay Southern Illinois University at Edwardsville \$40,000 to provide a concert season for the 1974 concert season. The SIUE Board of Trustees approved a contract between MRF and SIUE at a meeting Thursday afternoon at the local university.

The contract is similar to one which covered the 1973 season, except that this year the university will retain all food service income and pay MRF a commission on gross sales less applicable taxes.

Contract provisions specify that the university will furnish the site for performances by the Festival during an eight-week period from July 1 through Aug. 23.

The university will also furnish the services of an audio director, tentmaster and assistants, concert manager.

Kiwanians hear plant official

Kiwanian Howard Schenke, controller at the A. O. Smith Corp. plant here, reported on the company's present work program at the Thursday morning meeting of the breakfast Kiwanian Club at Charlie's Restaurant.

The company is celebrating its 100th year of existence and its 20th year in Granite City. A general discussion of the energy crisis and its effects in this area was held by the members.

The "Hole in One" tournament is set tentatively May 4 and 5 at the Arlington Golf Club, it was announced.

Kiwanian Donald Moser reported that he is working on scheduling a joint ladies' night program with the Evening Kiwanian Club.

Kiwanian Melvin L. Gille will present a program next Thursday on the welfare activities of the Church of Jesus Christ of Latter Day Saints.

Dinner theatre program at SIUE

Southern Illinois University at Edwardsville will present "Lovers and Other Strangers" at the dinner theatre which will be a feature of the 1974 annual Winterfest. The dinner-theatre is planned Wednesday from 7-8 p.m.

"Lovers and Other Strangers" will be presented at 8:45 p.m. in the Meridian Ballroom in the University Center. Cost for the dinner-theatre will be \$5. Anyone wishing to see just the play will be charged \$1.

State police saving fuel

A pilot program by the 1,700-car Illinois State Police fleet to conserve gasoline resulted in saving 94,800 gallons of gasoline in December, the first full month of operation of the energy conservation plan.

State squad cars travel at speeds of 50 m.p.h. or less on routine patrol. The limit is exceeded only in pursuit of a vehicle or in other emergencies.

In addition to the lower speed limits, the cars sit in a conspicuous location off the road with the engine off at least 15 minutes out of each hour.

Compared to the December 1972 consumption of 411,777 gallons of gasoline, 315,907 gallons were used in December 1973.

State Police Supt. Dwight E. Pitman notes it is difficult to make an estimate of dollar savings due to several factors. State police pay 34 cents a gallon for gasoline in state garages, but if troopers are not near a state garage, they must pay the prevailing rate at commercial stations.

He added, "It costs us about seven cents a mile to operate a state police auto, but this also includes insurance and depreciation on the vehicle as well as gasoline and oil."

During the same two periods of time, December 1973 over December 1972, mileage of all cars rose slightly from 8.5 to 8.9 per gallon.

The program was launched last Nov. 10. During the first three weeks, troopers burned 49,202 fewer gallons of gasoline.

Power, fuel use decline

For the third consecutive month, SIUE has reduced use of electricity and natural gas on the campus, compared with year-ago figures.

During January, electrical consumption totaled 2,257,852 kilowatt-hours, a drop of 28 per cent below January 1973 usage of 3,135,816 kilowatt-hours.

Consumption of natural gas dropped 18.1 per cent. Last month, 23,520,000 cubic feet of natural gas were burned on campus, compared to 28,714,400 cubic feet a year ago.

Formal GC resident dies

Funeral services were held Saturday afternoon at the Mount Nebo, Ill. Primitive Baptist Church for Urban L. Ridings, 75, of Mount Nebo, a former resident of Granite City. Mr. Ridings died at 3:15 p.m. Thursday at Ullat Memorial Hospital in Greenville, Ill.

Mr. Ridings was born in Tennessee Ridge, Tenn., and moved to Granite City as a youth. He was employed at Granite City Steel Co. from 1912 until 1961 when he retired. He moved from Granite City to Mount Nebo in 1958.

He was a deacon of the Mount Nebo church and a member of Greenville Lodge 245, AF&AM. Mr. Ridings was survived by his wife, Mrs. Beatrice Ridings; four sons, Urban of Streamwood, Ill., James of Greenville, Nello of Jerseyville and Roy of Cottage Hill; four daughters, Mrs. Harry (Helen Ruth) Gaffner of Greenville, Mrs. James K. (Lila) Darnell, St. Cloud, Fla.; Mrs. Roy (Mildred) French, Tennessee Ridge, and Mrs. William (Gilda) Burchum, Gallatin, Tenn.

Two brothers, Curfew Ridings of Nashville, Tenn., and Thales Ridings of Gallatin, four sisters, Mrs. Irene Sykes and Mrs. Priently (Gracie) Irwin, both of Tennessee Ridge, Mrs. Shelley (Pauline) Robbins of Clarksville, Tenn., and Miss Leona Ridings of Gallatin. Burial was in the Mount Nebo Cemetery.

BUILDING SITE THEFT

Bill Lewis of Rite Electric Co. informed police Thursday that thieves damaged an electric meter while stealing a six-foot section of copper wire and two bolt lugs from the rear of a building which is under construction at the New Crossroads Shopping Center, Nameoki and Pontoon roads.

## GC Democrat's back county's party slate

The Granite City Township Democratic Precinct Committee, meeting last week at the East Side Levee District office on Madison Avenue, voted unanimously to endorse and to support all candidates endorsed by the Madison County Democratic Central Committee as recommended by the screening committee.

Legislative, judicial and county office candidates were on hand to address the meeting of committeemen prior to the committee business meeting.

State Treasurer Alan Dixon appeared before the committee and gave a short talk in behalf of his campaign for re-election as state treasurer and discussed some of the issues that will be used in the general election campaign for November.

The meeting was conducted by Committee Chairman Nelson Hagauer.

## Await applications for health funding

Atty. Gen. William J. Scott has established a public trust to help on drug abuse emergency heart care and lead poisoning, and his office is now accepting grant proposals for the fund, Illinois Public Health Trust. It currently totals \$1,183,525.

Formation of the fund or trust is an outgrowth of Scott winning a court case on price fixing by several major drug manufacturers. The money represents a settlement, ending long litigation.

Scott has established a seven-member advisory board to help administer it. Proposals seeking grants should be sent to his Chicago office, Room 900, 100 N. LaSalle St., Chicago, Ill. 60601.

Who may apply for the funds? Scott points out that any established hospital, health facility or community organization can make an application. The trust advisory board will help in making final determination on the grants.

Scott has said he realizes that not all applications can possibly be funded. But he adds, "We

want to offer the opportunity to apply to all interested health agencies and facilities in the state."

Many communities in Illinois have formed self-help organizations to cope with the acute need for drug abuse, lead poisoning and emergency cardiac care programs, according to Scott.

He said he feels the funds can help implement these community programs and at the same time help local groups make applications for federal funds to be used on a matching basis.

The attorney general said that membership of the board, of which he is also a member, includes people from the medical, educational, public health, religious, black and Latin communities in the state.

The applications are to deal with community-based projects of drug abuse control and education, lead poisoning treatment and for local programs on the statewide telecommunication network for heart care.

## Miss Ruth Ely, 51, dies

Miss Ruth Ely, 51, formerly of Granite City, died Friday at 6 a.m. in the Pleasant Rest Nursing Home, Collinsville, where she had lived the past two years.

She was a lifelong resident of Granite City, until moving to the nursing home. She was a

member of St. John's United Church of Christ. She is survived by a brother, Harold Richard Ely, Granite City.

Funeral arrangements are given in today's obituary column.

## THIEVES TAKE WIRING

About 300-feet of welding and electrical wire was stolen from near a garage at the home of Charles Wood, 1525 St. Clair Ave., the owner reported at 12:15 a.m. Friday. Part of the wire was found about a half-block from the Wood dwelling, police said.
